TSN 27/7/27 No. C 1117/26-27

Bangalore, 23rd July 1927.

CB. 567 CB. 224-25

Dear Sir,

26 I write to inform you that in accordance with the instructions contained in your D.O. No. 3556/C.B. dated 19th May 1927, the District Board Office was shifted to a rented building from the 22nd of June 1927, which fact was intimated to you with this office No. C.1117 dated 27th June 1927.

27 Though the Union Building was vacated, the first floor is still under our lock and key as no instructions were received to whom to hand over charge of the building. I request you to issue immediate instructions to take charge of the building.

Thanking you,

Yours sincerely,

B. Rahman

30 The Third Member of Council and the Vice-Chancellor inspected the Collegiate High School and the block of buildings in the District Office compound occupied by the University on the 16th July. Dr. Metcalfe, Mr. M.G.Srinivasa Rao, Mr.P.Sampathiengar and myself were also present. It was ascertained that there were already 600 students in the Junior Intermediate class, and when the Senior Intermediate is opened next year, the strength may increase to over 1000. It may not be possible to manage with the existing laboratories of the Collegiate High School and the rooms in the District Office compound may have to be retained for the present.

31 In the meantime, accommodation has to be found for the two Special Magistrates Courts still held in the Union Building and also for the three additional courts that have been sanctioned under the new scheme.

32 Three buildings will be available for the purpose -

(1) The Sowar lines,

(2) The building to be vacated by the office of the Inspector General of Police.

(3) 'Manorama' which the owner is willing to give for rent.

C.S. 284-26-4

Dear Sir,

In reply to your letter No.2696/C.B. dated 5th March 1927 requesting the shifting of the Magistrates' Courts from the College Union Building, I write to say that I cannot think of any Government building for the location of the Courts unless the University authorities should release the new building in front of the District Office buildings. I am making enquiries regarding the availability of suitable rented buildings and I shall send a further reply in 10 days' time.

Yours sincerely,

To

N.Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Govt: of Mysore,
Bangalore.

D.O. No. 1601

DEWAN'S OFFICE.
Received on
2 APR. 1927
Reg. No. 7059

UNIVERSITY OF MYSORE

Office of the Mysore University

Dated Mysore, 29th March 1927.

Dear Sir,

With reference to your D.O.letter No.2685/CB.dated 8th March 1927, in the matter of releasing the District Office block now in the occupation of the University, I am desired to state that in the opinion of the Vice-Chancellor, the District Office building is absolutely necessary for University purposes and has been counted upon in planing accommodation for the Intermediate College at Bangalore and other developments.

A copy of letter No.1326 of 25th March 1927 from the Principal, Central College, in this matter is also enclosed for kind information of Government.

Moreover, I am to add that the new block in question was equipped for Laboratory and other purposes of the College at a great cost recently and the removal of the fittings etc. now would seriously dislocate the College work not to speak of the expenditure entailed.

In the above circumstance the University will consider it a favour if the block in question is made over for University purposes.

Yours sincerely,

B.M. Srikantia

N.Madhava Rao,Esq., B.A., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sub-d for perusal. As instructed yesterday, the question of accommodation for Public Offices in Bangalore will be shown on more comprehensive lines

HH.

Dewan

2/4

Letter No.1326, dated 25th March 1927, from the Principal, Central College, Bangalore, to the Registrar, Mysore University.

Your D.O.Letter No.1541 dated 21st March 1927.

In reply to your inquiry as to whether it will be possible to release the District Office block now used by this College, after the establishment of the Intermediate College in Bangalore, I have the honour to answer in the negative.

The present strength of the College is about 600 students. This number already crowds the whole accommodation occupied by the College to an uncomfortable extent: so that in certain departments no room can be readily spared for such higher developments as the introduction of M.Sc.courses.

When the Intermediate colleges are working in Bangalore and Mysore the number of students qualifying for the B.A. & B.Sc.courses in Science will certainly bring the total of the students to be accommodated in the Central College even beyond the present total number on the Central College rolls. The greatly enlarged B.A. & B.Sc. classes in Science for which we must be prepared cannot possibly be accommodated in the Central College without the new block. It must be remembered moreover, that without considering possible M.Sc.classes, the three years Honours classes under the new Scheme will require additional room. On the whole, it seems probable that even with the District Office block the accommodation in this College willbe insufficient for the pass and honours courses and the post graduate courses.

Dear Sir,

Owing to the ~~shortening~~ of the Transport Corps and the ~~contemplated~~ Reduction of the Carriage Establishment which will ensue shortly, it is understood that the major portion of the Old Sorting Sheds near the Rly Station, will become available for other purposes.

The Small Carriage Yard after Reduction might be located in the Stables in the Northern Wing. A portion of the Row of Stables in the Southern wing might be given for the Administration Work.

The Central portion of the Lines is required for working the Police Magistrates Courts. I am to request you to kindly arrange this portion of the building at the disposal of the Dy Comr, Bangalore immediately to report the fact to Govt.

Any Building plans now kept

The row of stables on the northern side will perhaps be sufficient for the accommodation of the reduced establishment of carriages and horses. One or two of these stalls may be converted into rooms for keeping harness & stores.

Kindly let me know for the information of Govt whether this arrangement is feasible and whether the main building in the centre & the ~~two~~ rows of stalls on the southern side can be surrendered for these uses

Yrs

In this old town time may be
very strictly limited to Hebron. Where
if your time will make
all necessary arrangements for Vacating
the Contract prior to the Times quickly
to placing the Same at the disposal
of the Ag Comm to enable them to fix up
the terms for the location of the
Courts early in June 27.

The receipt of this letter may
kindly be acknowledged & the
written Letter Despatched to Govt

Yours Sincerely

ENCLO...../.....

OFFICE OF THE COMMISSIONER OF INCOME-TAX
IN MYSORE,

Bangalore, 1st June *1927.*

Dear Sir,

In continuation of this office D.O. No. C. 652/26-27 dated 27th May 1927, I enclose for your information copy of D.O. letter No. C. 482/26-27 dated the 28th May 1927 received from the Deputy Commissioner of Income Tax, Bangalore and Mysore Cities and Taluks in the matter of shifting his office to the New Public offices. I request you to kindly issue necessary instructions to the Chief Engineer and the Revenue Commissioner immediately to place the rooms required at the disposal of the Deputy Commissioner to enable him to vacate the University Union Buildings before the College re-opens.

Yours sincerely,

N. Madhava Rao, Esq., B.A., B.L.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

D.O. letter No. C.482/26-27 dated the 28th May 1927 from the Deputy Commissioner of Income Tax, Bangalore and Mysore Cities and Taluks, to the Commissioner of Income Tax in Mysore.

Your office D.O. letter No. C.652/26-27 dated 23rd May 1927 re. location of my office in the New Public Offices.

Immediately on receipt of the above communication, I addressed the Chief Engineer in my D.O. letter No. C.582 of 26-27 dated 25th May 1927 to place the rooms intended for my office at my disposal. I have not so far received any reply from him. I would, therefore, request you to kindly arrange to place the rooms allotted for my office at my disposal as early as possible to enable me to vacate the Union Buildings. Two rooms, one for myself and the other for the Assistant Commissioner of Income Tax and two big rooms for our offices and another extra room for the records are absolutely necessary. The office rooms have to accommodate the officials and the assessees who come with their clerks and accounts books.

"JUSTICE"

CHIEF COURT OF MYSORE,
Public Office Buildings, Cubbon Park,

Bangalore 1st September *192*7

R. O. C. No. 242
Dis. 27-28

From

A. Sreenivasaragavachari, Esq., B.A., B.L.,
Registrar, Chief Court of Mysore.

To.

N. MADHAVA RAO, Esq., B.A., B.L.,
Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
B A N G A L O R E.

Sir,

I am directed to state that in connection with the question of providing accommodation for the new courts sanctioned by Government in Government Order No.P.5239-53/Cts.263-26-1 dated 4th April 1927, and of minimizing the present over-crowding in the old District Office building by re-distribution of the existing accommodation among the several courts and offices located therein, the Chief Judge, the Chief Secretary and the Executive Engineer, Bangalore Division, made a detailed inspection of the old District Office and the University Union buildings on 17th August 1927, the Deputy Commissioner and the District Judge being also present.

2. In addition to the re-allocation of the existing Civil and Criminal Courts, accommodation will have to be provided for (1) a Small Cause Court, (2) an Additional Subordinate Judge's Court unless as recommended in the Special report of Mr. Justice Doraswami Iyer the Additional Subordinate Judge's Court is located in the first instance at Shimoga and (3) an Additional Munsiff's Court. A copy of the Notes of Inspection drawn up by the Executive

Engineer,

Engineer, Bangalore is enclosed herein for information.

3. If the question of accommodation for the existing and the new courts is to be settled on a satisfactory basis it is absolutely necessary to request the University to hand back to the Revenue and the Judicial Departments the new District Office building built for their use, but at present used as an additional Physics Laboratory. Other alternatives are to be thought of only as affording temporary relief, in case it is not possible to get back from the University the new District Office building. It is understood that this will not be difficult as the Central College is expected to have, from next year, the use of the whole of the Collegiate High School buildings with Laboratories. In the event of the new District Office building being vacated by the University, it will be possible to remove the two Magistrates' Courts at present located in the University Union building to the new District Office building and hand over the whole of the University Union building to the University. Sufficient accommodation can then be easily found in the new District Office building not only for the new courts proposed to be established but also for some of the existing courts which are now located in unsuitable rooms in the old District Office building, thus substantially relieving the congestion at present existing there. It may be observed that the new District Office building was originally constructed for the use of civil and criminal courts and some branches of the Deputy Commissioner's Office. The use of the new District Office building for the Additional Courts will obviate any extra expenditure being incurred for this purpose.

4. If however, for any reason, it is not possible to get the new District Office building immediately from the University the next best thing will be to utilize to its fullest extent the accommodation available in the University Union building and to

locate two more courts with their offices on the first floor of the building in addition to the two courts that are now located in the ground floor. It was at one time thought that the first floor would not be quite safe for the location of courts and their heavy furniture. But in the opinion of the Engineering Officers who attended the inspection, the upper storey is not unsafe for the location of two additional courts. I am to observe that this proposal is a less preferable alternative to that mentioned in para 3 since it will not materially relieve the existing congestion for space in the old District Office building. If this alternative is to be adopted I am to suggest that the City Magistrate's Court and the Bench Magistrates' Court may be removed to the first floor of the University Union building.

5. Another proposal is to effect suitable alterations to the witness shed attached to the civil courts which is not at present in use, so as to provide accommodation therein for the Small Cause Court. It will be necessary to raise the roofing and extend the building by putting more rooms and verandahs all of which will involve additional expenditure. There is also the other suggestion referred to in para 5 of the Memo of Inspection i.e., putting up a new building in the rear of the old District Office building and connecting both by a corridor. This suggestion is expected to cost Rs.17,000/-.

6. Having referred in the foregoing paras to the question of accommodation generally, it is necessary to discuss in detail the accommodation in regard to the existing courts and the new courts proposed to be established. For the sake of convenience each court will be dealt with separately.

7. <u>District Judge's Court</u>:- This court though it has, at present, a decent court hall is stated to be subjected to much interruption on account of its adjacent situation to the rooms

rooms now occupied by the Law Association and the Literary Union. To prevent such interruptions, it is desirable to provide other suitable accommodation elsewhere in the building to the Law Association and the Literary Union. The Office establishment of the District Judge now occupies a set of rooms north of the Association rooms. They may be shifted to that portion of the building now occupied by the Bench Magistrates' Court and chambers. The members of the Law Association were consulted and they are agreeable to this proposal. Inthat event part of the District Judge's Office establishment may be transferred to the rooms now used by both the Associations, the portion of the building thus vacated by the District Judge's establishment, being utilized for the establishment of the Subordinate Judge's Court and the Second Munsiff's Court.

8. New Small Cause Court:- The existing accommodation of the City Magistrate's Court is good and is well suited for the Small Cause Court. They City Magistrate's Court may as proposed above, be shifted to the new District Office building if that can be got back or to the upper floor of the University Union building.

9. Second Munsiff's Court:- The accommodation provided for this court particularly the court hall is inadequate. Unless the new District Office building is handed back by the University, this court will have to be continued in its present habitation till such time as better accommodation can be found.

10. Subordinate Judge's Court:- The Court hall is not bad, but the accommodation for the office establishment is inadequate. If, as proposed in para 7, the Law Association and the Literary Union are shifted to the rooms at present occupied by the Bench Magistrates, additional accommodation for the office establishment

establishment can be found as explained in para 7.

11. Additional Munsiff's Court:- The rooms occupied by additional Munsiff's Court which is at present located at Bangalore, if shifted to Closepet as recommended by the Laws' Delays' Committee, may be given to the temporary Munsiff's -- Court proposed to be established here. It may be noted that the present accommodation in common with other courts is -- insufficient and unsuited but until better accommodation is found it will have to continue where it is at present; in that case a few minor alterations and improvements will be necessary in that portion of the building.

12. Additional Subordinate Judge's Court:- Accommodation will be required only if the court is not located at Shimoga in the first instance. The only portion in the old District Office building which may be found suitable for holding the court is the portion at present occupied by the Sub Division Officer, Dodballapur and his office establishment; with -- certain minor improvements in regard to ventilation and -- lighting which the Executive Engineer states could easily be done, it may be used, provided accommodation can be found for the Sub Division Officer in any other part of the building. Moreover it is desirable to have both the permanent and temporary Subordinate Judges' Courts near each other, most of the establishment for the two courts being common.

13. I am to once more reiterate that if a permanent solution of the question of accommodation for the existing and additional courts is to be arrived at the best proposal is what is made in para 3 of this letter, namely, of -- resuming the new District Office building from the University and handing it over for the use of the Judicial and Revenue Departments.

I have the honour to be,
Sir,
Your most obedient servant,

RV.

REGISTRAR. 1/9/77

Notes of Inspection of the Old District Offices and the University Union buildings by the Chief Judge, the Chief Secretary, the Executive Engineer and the Assistant Engineer on 17th August 1927.

The above-mentioned buildings were inspected by the above named officers between 12 noon and 2 P.M. on 17-8-1927 with a view to settle the question of accommodation for the new courts to be formed and also to minimise the over crowding in the old District Offices, due to the several existing courts and offices. The buildings were inspected in detail and the following conclusions were arrived at for recommendation to Government.

1. The best way to solve the problem is to request the University to give back the new District Office buildings at present used by them, as an additional Physics Laboratory, this should be possible, since as against having classes for only one additional year (viz., the Entrance) the Central College would have from next year the use of the whole Collegiate High School buildings with the Laboratories in addition, as well as the University Union buildings which is being vacated. If this proposal is accepted, it will accommodate not only the new courts, but substantially relieve the congestion in the old District Offices. No new buildings need be built at all in this case.

2. If the above is not acceptable, the next best thing would be to at least give over the University Union buildings, so that four courts with their Chambers and Offices two down stairs and two up-stairs can be accommodated. This will give even all the accommodation wanted though it may

not

not materially reduce the congestion, this proposal does not require any fresh expenditure on the part of Government.

3. The next best alternative though very much worse than the two above is to make use of the existing witness shed which is at present not in use. But this will require modifications and extensions in the shape of (1) raising up of the existing roof since this is rather too low at present to serve for a crowded court (2) putting up good sized terraced rooms one at each corner of the building and (3) running up of verandahs in the intermediate space created by (2) supra, both in front and rear, so as to afford shelter from sun and rain as well as give some room for the witnesses to sit, when necessary. This proposal therefore will involve some fresh expenditure.

4. Another alternative, suggested by the Chief Secretary was the location of the new courts in the Governmen stables after modification of course, opposite the "A" statio But this was considered as unsuitable since this building is too far from the old District Offices, which is sure to entail some delay in the work of the Courts.

5. The Dewan Sahib inspected the old District Offices last year and suggested that a new one storied building may be put up in the rear of the main building and connected with it by a corridor. Plans and estimates for Rs. 17,000 for accommodating two courts with Chambers and Offices were accordingly prepared and submitted to Government, but for want of funds were kept back. If this idea is however approved the whole problem of accommodation would be solved.

Sd/- K. D. Joshi.
Assistant Engineer
